RECLAIMED WOOD FURNITURE FOR
AN ECO-FRIENDLY ENVIRONMENT

At i2i Design, we believe that your space is as unique as you are.

That is why we strive to honor your vision by designing and building items as singular as the space they inhabit and unique as the character of the wood and materials they are shaped from.

Our pieces are hand-crafted from old growth lumber and reclaimed local hardwood, carefully worked to restore its original beauty. Unwanted construction timber, storm damaged and diseased trees are lovingly transformed with impeccable craftsmanship and attention to detail. We design beautiful, functional furniture that is built to last.

From standard catalog items to special pieces built to your exact specifications, i2i Design is the perfect fit for all your needs.

Please explore this catalog for design possibilities and contact us with any questions regarding a specific piece or any of our services.

Metal bases are available in natural steel with a matte or gloss protective finish. Other options include black, distressed rusted metal and a large variety of custom powder-coated colors.

3" Steel Strap Style

I-Beam

3" Square Steel single post pedestal with red powder coat

Counter and Bar Tops

Our counter and bar tops are designed to be both stylish and durable. They feature solid wood construction and high-quality finishes that will endure the demands of everyday use while retaining their natural beauty.

All counter and bar tops are available in a variety of thicknesses, with a straight or live edge.

Matching modesty panels and bases can be ordered separately. Standard countertop widths include 12, 14, 16, 18 and 22-inches.

Cladding and Wall Covering

Add an artistic touch with solid wood wall covering and cladding, made to order for your space – indoors or out. Cover a single wall for accent, or a whole room.

Cladding and wall covering is available in varying widths and lengths and can be ordered as panels or delivered as individual shiplapped boards.

Wood species and stain colors may be mixed for added interest.

Seating

Compliment a tabletop or seating area with our hand-crafted chairs, benches and booths. All seating options feature durable, solid wood and/or steel construction and are available in a variety of finishes. Upholstery can be added to any piece. Dining and bar heights available.

xtras

The experienced i2i Design team can build and install custom pieces to suit any style and space.

Our craftsmen work with the highest quality materials and finishes, constructing to exacting standards.

Custom items include; host stands, storage cabinets, POS stations, wall screens and more. Please contact us to discuss your specialty pieces.
